

# CLEVELAND PARK

## STREETSCAPE AND DRAINAGE IMPROVEMENT PROJECT

April 12, 2022

Dear Stakeholders:

The District Department of Transportation (DDOT) would like to extend its appreciation for your patience and understanding while we are working on the Cleveland Park Streetscape and Drainage project. The purpose of this project is to improve local recurring flooding problems near the Cleveland Park Metro Station, improve vehicular, cyclist and pedestrian safety, and implement several green infrastructure improvements along the Connecticut Avenue corridor.

This project is located along Connecticut Avenue from Macomb Street NW to Quebec Street NW and each adjoining street. The construction project began on March 21, 2022, and the anticipated completion is Fall 2023, weather permitting. The Contractor is authorized to work between 7:00 am and 7:00 pm, Monday through Saturday. Lane closures on Connecticut Avenue are permitted between 9:30 am and 3:30 pm Monday through Friday.

**As part of the Cleveland Park Streetscape and Drainage project, the contractor will begin road testing in the Ordway Street NW alley behind Sam's Park & Shop which will include temporary alley restrictions (7:00 am – 7:00 pm) for businesses receiving deliveries and trash pickup. Please coordinate with your delivery and trash companies to work within the given parameters.**

**As we discussed at our March 21, 2022, onsite meeting, to safely conduct the underground components of the project, the stairs along the rear of the building on the Ordway Street NW alley will be removed by the contractor. CityPaws and TIGI Salon rear stairs will be removed during construction and reattached at the completion of this process, approximately 4 weeks. The community outreach team is available at any time should you have any questions or concerns.**

Traffic controls will be in place to guide motorists, cyclists and pedestrians safely through the work zone. All users of the roadway are advised to stay alert, be observant of signage and expect delays while traveling in this area. If you have any questions or concerns regarding the project or construction activities, please email [info@clevelandparkstreetscape.com](mailto:info@clevelandparkstreetscape.com). Please visit the project website at [www.clevelandparkstreetscape.com](http://www.clevelandparkstreetscape.com) for construction schedule updates.

We realize that construction can be an inconvenience and truly appreciate your patience while we make these improvements. Thank you for your patience and support as we work together to implement safer conditions for pedestrians, motorists and cyclists along the Connecticut Avenue corridor.

Sincerely,  
The Cleveland Park Streetscape and Drainage  
Community Outreach and Engagement Team
