

CLEVELAND PARK

STREETSCAPE AND DRAINAGE IMPROVEMENT PROJECT

November 10, 2022

Dear Stakeholder:

The District Department of Transportation (DDOT) would like to extend its appreciation for your patience and understanding, while we are working on the Cleveland Park Streetscape and Drainage project. The purpose of this project is to improve local recurring flooding problems near the Cleveland Park Metro Station, improve vehicular, cyclist and pedestrian safety, and implement several green infrastructure improvements along the Connecticut Avenue corridor.

This project is located along Connecticut Avenue from Macomb Street NW to Quebec Street NW and each adjoining street. The construction project began on March 21, 2022, and the anticipated completion is Fall 2023, weather permitting. The Contractor is authorized to work between 7:00 am and 7:00 pm, Monday through Friday and occasional Saturdays. Lane closures on Connecticut Avenue are permitted between 9:30 am and 3:30 pm Monday through Friday.

As part of the Cleveland Park Streetscape and Drainage project, the contractor will begin paving in the Ordway Street NW alley behind Sam's Park & Shop, which will include temporary alley restrictions for businesses receiving deliveries and trash pickup. Between the dates of Monday, November 14, 2022 through Saturday, November 26, 2022, weather permitting, the alley will not be accessible for vehicular and pedestrian traffic.

To perpetuate uninterrupted trash collection, trash receptacles will be placed at the entrance of the alley along Ordway St NW during this phase. We will deliver notification to the collection companies and ask that you communicate with your respective service for further coordination.

The final process of the alley paving requires that the rear stairs be removed from the building, refitted to the new grading, and reinstalled.

Traffic controls will be in place to guide motorists, cyclist and pedestrians safely around the work zone. All users of the roadway are advised to stay alert, be observant of signage and expect delays while traveling in this area. If you have any questions or concerns regarding the project or construction activities, please email info@clevelandparkstreetscape.com. Please visit the project website at www.clevelandparkstreetscape.com for construction schedule updates.

We realize that construction can be an inconvenience and truly appreciate your patience while we make these improvements. Thank you for your patience and support as we work together to implement safer conditions for pedestrians, motorists and cyclists along the Connecticut Avenue corridor.

Sincerely,
The Cleveland Park Streetscape and Drainage
Community Outreach and Engagement Team
